Dedicated quality with committed delivery

An ISO 9001 : 2015
Certified Company

About us

ARP Fabrications is a fast growing steel fabrication unit , providing engineering solutions to a host of competent players across India .

Incorporated in 2011 , Our core competency lies in heavy steel fabrication and supply including machining and assembly of steel structures , material handling equipment and industrial process equipment for domestic and overseas projects in close association with major international EPC and OEM companies .

Presently , the company has manufacturing facilities with a workshop , having annual production capacity of 4000 metric tons with work force of more than 100 employees .

Major expansions are underway with plans to have automated machinery installed for streamlined production . The production capacity is estimated to ramp up to 6000 metric tons annually , shortly .

ARP caters to various business segments like cement, mining, sugar, power (thermal and renewable) steel, oil and gas , petrochemicals, ship yards, automotive industries etc .

Our commitment towards product quality and service has helped us to gain the trust and confidence of its burgeoning client base .

Company strengths include compliance with client's specifications , setting new quality standards , surpassing clients' expectations , conformance with international standards , constant up-gradation in manufacturing processes and infrastructure , competent production team , efficient project management , competitive pricing , adherence to delivery schedules, innovative guidelines for packing and assembly and unwavering support service.

Dedicated quality with committed delivery

An ISO 9001 : 2015
Certified Company

Vision

We are committed to fabricate and supply high quality steel products to our customers .

As a pioneering steel fabrication unit , Our emphasis is mainly on

- ◆ Customer satisfaction .
- ◆ High quality of products and services .
- ◆ Offer the most competitive price for our customers .
- ◆ Prompt delivery .

Quality Policy

We at ARP are committed to continual improvisation upon quality and timely delivery to utmost satisfaction of our valued customers . Quality awareness should flow from grass root workmen , apart from amongst business associates , with systems documented to ensure quality as assured and a parallel endeavor for further improvisation still .

We shall archive this through trainings / Interactive workshops / up gradation of skills / periodical analysis .

Dedicated quality with committed delivery

An ISO 9001 : 2015
Certified Company

EHS Policy

M/s ARP fabrications private limited , commits to maintain and develop pro-active environment, health and safety culture throughout our plant .

We endeavor for continuous improvement in minimizing the impact of our activities on air, water and land & prevent pollution , conserve energy, natural and non- renewable resources , educated and trained employees and other collaborators to achieve environmental excellence .

- ◆ Obey all signs and warnings .
- ◆ Do not run in plant area .
- ◆ No smoking must be obeyed.
- ◆ Visitors are not allowed to operate any machinery or equipment if they are not authorized by concern engineer in-charge.

In pursuit of the same, the EHS policy of M/s ARP fabrications private limited aims to :

- ◆ Avoid work place injuries and illness.
- ◆ Prevent people and assets from negative environment impacts.

M/s ARP fabrications private limited , recognizes its responsibility towards employees , contractors , suppliers , customers and commodities which helps to provide a safe and healthy environment and avoid injury or damage to people, environment and assets .

Capabilities

Material Supply , Fabrication , Machining , Testing and Inspection ,
Assembly , Surface protection , Packing , Export shipping .

Facilities

ARP has established a modern structural fabrication facility at industrial area in hamirgarh near Bhilwara , on area of more than 10000 Sq M , to carter cement, mining, sugar, power, steel, oil and gas , petrochemicals, ship yards, automotive industries etc .

Our plant is equipped with modern machineries from Plasma / Flame cutting and Welding to Forming , Plate rolling , Machining , Drilling , Surface preparation , Painting and finishing . We ensures you that your fabrication is constructed and completed to your requirements .

This facility is equipped with all required machineries , tools and a well qualified and experienced team manages the manufacturing .

Summated production capacity of this facility is more than 350 MT / month.

We are equipped for manufacturing :

- ◆ Boiler Structures [Columns / Beams / Girders]
- ◆ ESP Structures .
- ◆ Plant Building Structures .
- ◆ Technological Structures / Equipment's .
- ◆ Pipe Racks .
- ◆ Plate Fabricated Pipes & Miter bends .
- ◆ Silos / Tanks .
- ◆ Ducting / Hopper / Bunker .
- ◆ Trusses .
- ◆ Material handling equipment's .

Management Team

◆ O.P. Jagetia [Director]

Post graduate in commerce with 35 years experience in fabrication & Machining work in own unit [M/s Ghanshyam engineering works and Bhilwara engineering services & techniques] .

Having good Technical / Commercial exposure related to engineering.

Looking Marketing / Planning / Liaison / Commercial activities of company.

◆ D.C. Jagetia [Director]

Post graduate in science with 25 years experience in fabrication & machining work in own unit [M/s Ghanshyam engineering works & Bhilwara engineering services & techniques]

Having good Technical / Commercial exposure related to mechanical engineering.

Looking Procurement / Administration / Financial activities of company .

◆ B.L. Kakani [Chief Executive Officer]

Diploma in mechanical engineering & NDT level II in [PT/UT/MP1] with 10 years industrial experience in leading fabrication unit & from last 15 years with Subh steel fab engineers private limited with following exposure :-

Engineering / Drawing detailing / Estimation / Costing / Fabrication / Production planning / Logistic / Quality control/ Procurement / Export of plant & machinery / Export documentation and management activity.

During service tenure, executed projects with all leading companies like Thermax / FLS / Metso / JGC / GE / IJT / ThyssenKrupp / Loesche / Alstom / KHD / MITSUI Babcock / L & T / Ambuja cement / Aditya cement / Dangote , Nigeria / Jebel ali cement , Dubai etc.

Looking Technical & Quality activities of company .

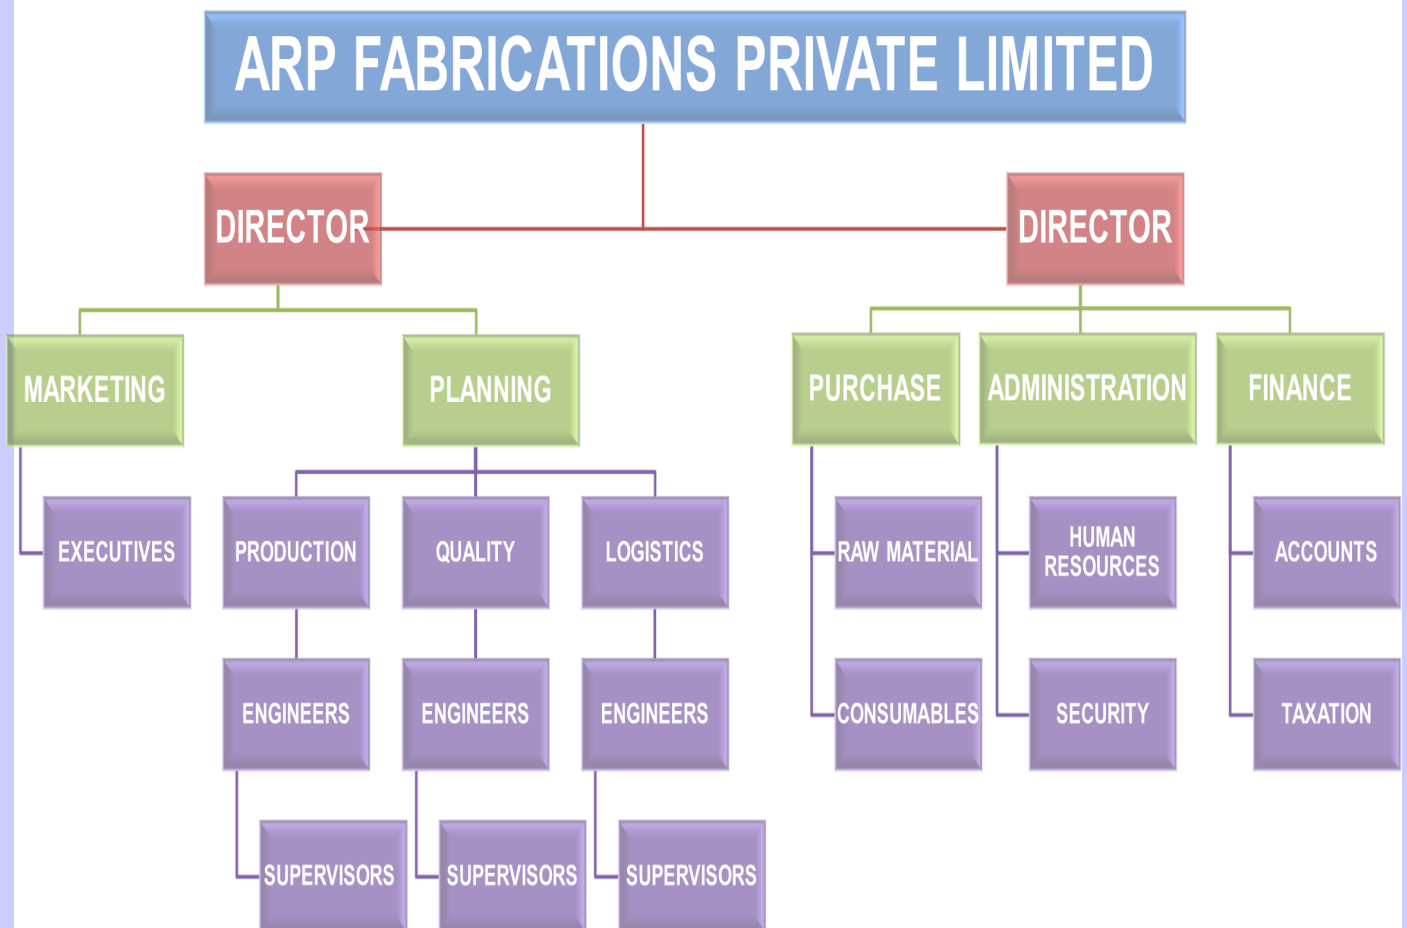

Management Team

◆ Prateek Jagetia [Executive]

Bachelor in mechanical engineering and with interest in parental business ,
Joined ARP as a beginner before 3 years .

Looking Planning & Technical activities of the company .

Besides all of the above , We have good team of engineers and supervisors with
combination of skilled & experienced professionals to execute all type of
fabrication jobs at shop .

Certificate of Registration

This is to certify that

ARP FABRICATIONS PRIVATE LIMITED

E286, E287, E287A RIICO Growth Centre, Hamirgarh, Bhilwara-311025, India

has been independently assessed by QRO
and is compliant with the requirements of:

ISO 9001:2015

Quality Management System

For the following scope of activities:

*Manufacturer of Fabricated Technological Equipment's, Structures for Cement,
Power, Sugar, Metallurgical Industries and Refineries.*

Date of Certification: 13th May 2020
1st Surveillance Audit Due: 12th May 2021

2nd Surveillance Audit Due: 12th May 2022
Certificate Expiry: 12th May 2023

Certificate Number: 305020051301Q

Head of Certification

Validity of this certificate is subject to annual surveillance audits to be done successfully on or before 365 days from date of the audit.
(In case if surveillance audit is not allowed to be conducted; this certificate shall be suspended / withdrawn).

Our Products

Roof Girders

Bunker hoppers assembly

Built-up Beam
Height - 1.36 m, Weight - 8.0 MT

Fly ash & Bed ash silo assembly

Column

Bunker Hoppers

Stack mounting frame

Columns export packing

Hoppers Assembly

Duct assembly

Decloriser Shell

60 MT crane vertical supports

**Body & Bogie repairing workshop , Project : Western Railways , Ratlam Division
Size : 23.0 m x 100.0 m x 2 Spans , Weight : 750 MT approx.**

Outlet Duct [SS 409]

Separator outlet duct

Bunker walls

Bend Duct

**Base Frame for Boiler Module for Project : Dangote Oil Refinery Limited
Size : 13.0 m x 45.0 m , Weight : 140.0 MT**

Boiler top support beam

**Prilling Tower truss assembly for
Project : Chambal Fertilizers and
chemicals limited , Kota
Weight : 300 MT**

**Girder for Project : RSPL Limited
Height : 2.6 m , Weight : 18.0 MT**

Columns for Project : Dangote Oil Refinery Limited

Transportation frames

Base frame ready for dispatch
Project : Dangote Oil Refinery Limited

Hopper assembly

Pre-Heater gas duct

Gas Outlet Duct [SS 409]

Gas Outlet FG Duct [SS 409]
